Coming at you live, from the kid who never got above a B in college statistics…2019 current stats! WOOOO!!! (S/O Factorial Woo!! – Joe Keal)

Disclaimer, I'm tired and lost a lot of steam after about 30 mins of this.

This season has been a wild ride to say the least. From massive juggernaut efforts to meager performances and all controversies in between, 2019 has lived up to all that is fantasy football. So, let's take a quick moment to reflect on our leaguewide performances thus far and maybe get some insight into what's to come.
